Dear Mr. Heck,

For the purposes of clarification, the USEPA serves at resource for the community and public.

The USEPA does not form CAGs or decide their membership; they are there in an advisory roles only and to clarify and disseminate information. Scott you gnome and I have served as the neutral facilitator for the Ringwood CAG and many other CAGs around the state. I was also awarded the USEPA Environmental Quality Award, the USEPA highest award for my work on CAGs and other environmental achievements (See attached article). My qualifications as a neutral facilitator far exceed any other potential candidate, and the public is certainly welcome to nominate a facilitator once we get this CAG on more secure footing.

I want to secure the school so we can get this party started and stop with the half baked gnomery.

Warmest regards,

Robert Spiegel

Pat,

We were under the impression that the Cag was being reorganized. Who is the official CAG that's recognized by the EPA? Generally speaking, CAG meetings are held at the church or Borough Hall. At this time of the year school scheduling is more difficult. Please advise

Scott Heck, CPWM

Bob,

In your recent email to us, you requested that EPA reach out to Ryerson School and request dates that the school might be available for a CAG meeting. Please be advised that requests to use the school must be made through Scott Heck. EPA has not made the request directly.

Thank you
Pat
